

Red Gallega de Líquidos Iónicos

Workshop on the design and synthesis of Ionic Liquids

Santiago de Compostela. **June 7th 2019**

Faculty of Physics. Universidade de Santiago de Compostela

Organizers: Emilia Tojo and Julio A. Seijas

09:50 Welcome Reception

Chair: Emilia Tojo

10:00 Invited Talk 1. *"Minimising toxicity and maximising biodegradability of ionic liquids through targeted design"*. **Marta Markiewicz**. Technische Universität Dresden.

10:55 Invited Talk 2: *"Ionic liquid design by molecular and process simulation tools"*.
José Palomar. Universidad Autónoma de Madrid.

11:50 Coffee Break

Chair: Julio A. Seijas

12:20 Invited Talk 3. *"Synthesis of Ionic Liquids"*. **Carlos Alberto Mateus Afonso**.
Universidade de Lisboa.

13:15 Invited Talk 4: *"Ionic Liquid based materials as enabling tools for chemical processes"*.
Eduardo García-Verdugo. Universidad Jaume I. Castellón

14:10 Conclusions and closing

Social program:

18:00 Guided Visit to the **"Porch of Glory"** of Santiago Cathedral
